

RICL	ROYAL IMPACT CERTIFICATION LTD.	RICL/PR/10.03
	Maintaining Certification, Suspension, Restoring, Withdrawal, Expanding or Reduction in Scope	19/10/2020

1.0 Objective

- ❖ Define the procedure and condition for suspension and withdrawal of certificate
- ❖ Define the conditions for mitigating the suspension and withdrawal conditions
- ❖ Define the conditions for reducing the scope of certification
- ❖ Maintain record

2.0 Scope

Applicable to all the Management systems certified by RICL

3.0 Responsibility and Authority for decision related to Suspension, Restoring, Withdrawal, Expanding or Reduction in Scope: - Director / MR

4.0 Business Process:

Sl.	Process Steps
1.0	Client is responsible for maintaining the certification status at all times by meeting the requirements of conditions for certification.
2.0	RICL shall make all efforts to provide services to client organizations to maintain their certification status valid at all times. RICL services shall provide timely information to clients on the potential situations arising at any time with impact on the status of validity of certification. Such information may assist clients to ensure maintenance of the certification validity.
3.0	Suspension, Restoring Post Suspension and Withdrawal
3.1	<p>RICL shall suspend certification for a maximum duration of six (6) months under following conditions.</p> <ul style="list-style-type: none"> ▶ Client management system is not effectively implemented persistently ▶ Client management system has persistently failed to meet conditions for certification. ▶ Client does not allow surveillance audits to be completed as per agreed frequency ▶ Client has requested for voluntary suspension for a cause because of natural calamities, labour unrest or any other assignable reasons because of force majeure conditions ▶ Client unable to take corrective action for complaints from interested parties including regulatory authorities <p>RICL may suspend certification for other causes not detailed above and which may have impact on the credibility of certification.</p>
3.1.1	<p>Suspension because of Client management system is not effectively implemented persistently and has persistently failed to meet conditions for certification evidenced during surveillance audit / special audit.</p> <ul style="list-style-type: none"> ▶ (A) Provide assessment report along with identified non- conformances and recommendation for follow up audit to be conducted within 3 months duration. ▶ (B) Coordinate for follow up audit and if the implementation of management systems is not considered satisfactory, provide assessment report along with identified non- conformances with a request for corrective action within one calendar month. ▶ (C) If the corrective actions are submitted for review within the requested period, implementation of management system is accepted. If not, management system is kept under suspension for 3 months duration.

	Maintaining Certification, Suspension, Restoring, Withdrawal, Expanding or Reduction in Scope	19/10/2020

	<ul style="list-style-type: none"> ▶ (D) If the client organization provides acceptable corrective active action within further 3 months, certification validity is restored. ▶ (E) IAF MD22:29015 Clause G 9.6.5.2 - Information on incidents such as a serious accident, or a serious breach of regulation necessitating the involvement of the competent regulatory authority, provided by the certified client or directly gathered by the audit team during the surveillance / special audit, RICL shall decide on the actions to be taken, including a suspension or withdrawal of the certification, in cases where it can be demonstrated that the system seriously failed to meet the OH&S certification requirements. Such requirements shall be part of the contractual agreements between the CAB and the organization.
3.1.2	<p>Suspension because of Client organization not allowing surveillance audits to be completed as per agreed frequency.</p> <ul style="list-style-type: none"> ▶ Surveillance Notification letter 1 is forwarded to client one month ahead of the due date of surveillance audit. ▶ Surveillance Notification letter 2 is forwarded to client on the due date of surveillance audit, informing the client of keeping the certificate under suspension for a period of 3 months from the letter date and provide an opportunity to the client to coordinate for the surveillance audit. If any surveillance audit is to be conducted during this period, a complete audit shall be planned to cover all the processes of management system with agreed commercial terms. Upon successful assessment certification status shall be restored as active. ▶ Withdrawal notification is forwarded to client three months after the expiry of the due date of surveillance audit informing the client regarding the withdrawal of certificate of compliance with immediate effect and copy marked to relevant authorities including accreditation body.
3.1.3	<p>Suspension because of client request for voluntary suspension for a cause because of natural calamities, labour unrest or any other assignable force majeure conditions</p> <ul style="list-style-type: none"> ▶ Keep the certification under suspension for a maximum period of 3 months. ▶ If the client organization status continues beyond 3 months, withdraw the certification with communication to the client under condition that certification can be restored after completing a fresh contract review under the same original contract number and conducting a complete audit whenever the client organization resumes normal working conditions. A new certificate shall be issued.
3.1.4	<p>Suspension because of client's inability to take corrective action for complaints from interested parties including regulatory authorities.</p> <ul style="list-style-type: none"> ▶ Short notice audit is conducted as per relevant procedure to verify corrective action taken by client for the reported complaints within a maximum of 2 weeks and communication is forwarded to client.
